

BANNERBUDDY

A smaller version of the BannerBug and Banerect, the BannerBuddy is a lightweight, portable entry-level display stand enabling you to promote your message in a compact yet effective manner.

BANNERBUDDY

- /// Available in 3 widths, 580mm, 850 & 1000mm
- /// Lightweight and compact
- /// Easy to assemble and perfect for conferences
- /// Waterproof and UV resistant
- /// Comes with carry bag and stand is made of alloy metal

The BannerBuddy's are quick and easy to assemble, perfect for conferences or travelling exhibitions where you must pack up and assemble your equipment quickly, often within a confined space.

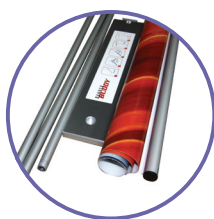

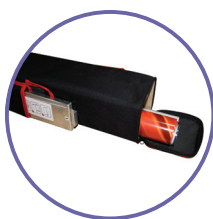

All BannerBuddy's come with a carry bag and are made of alloy metal, ensuring longevity. The banners can be printed onto vinyl or cloth, depending on your needs-vinyl having the added benefit of being waterproof and UV resistant.

Available in three sizes, the BannerBuddy series is perfect for any occasion.

The **LittleBuddy** is an ideal and affordable stand suitable for smaller promotions, including shopping centres, school events or corporate meetings.

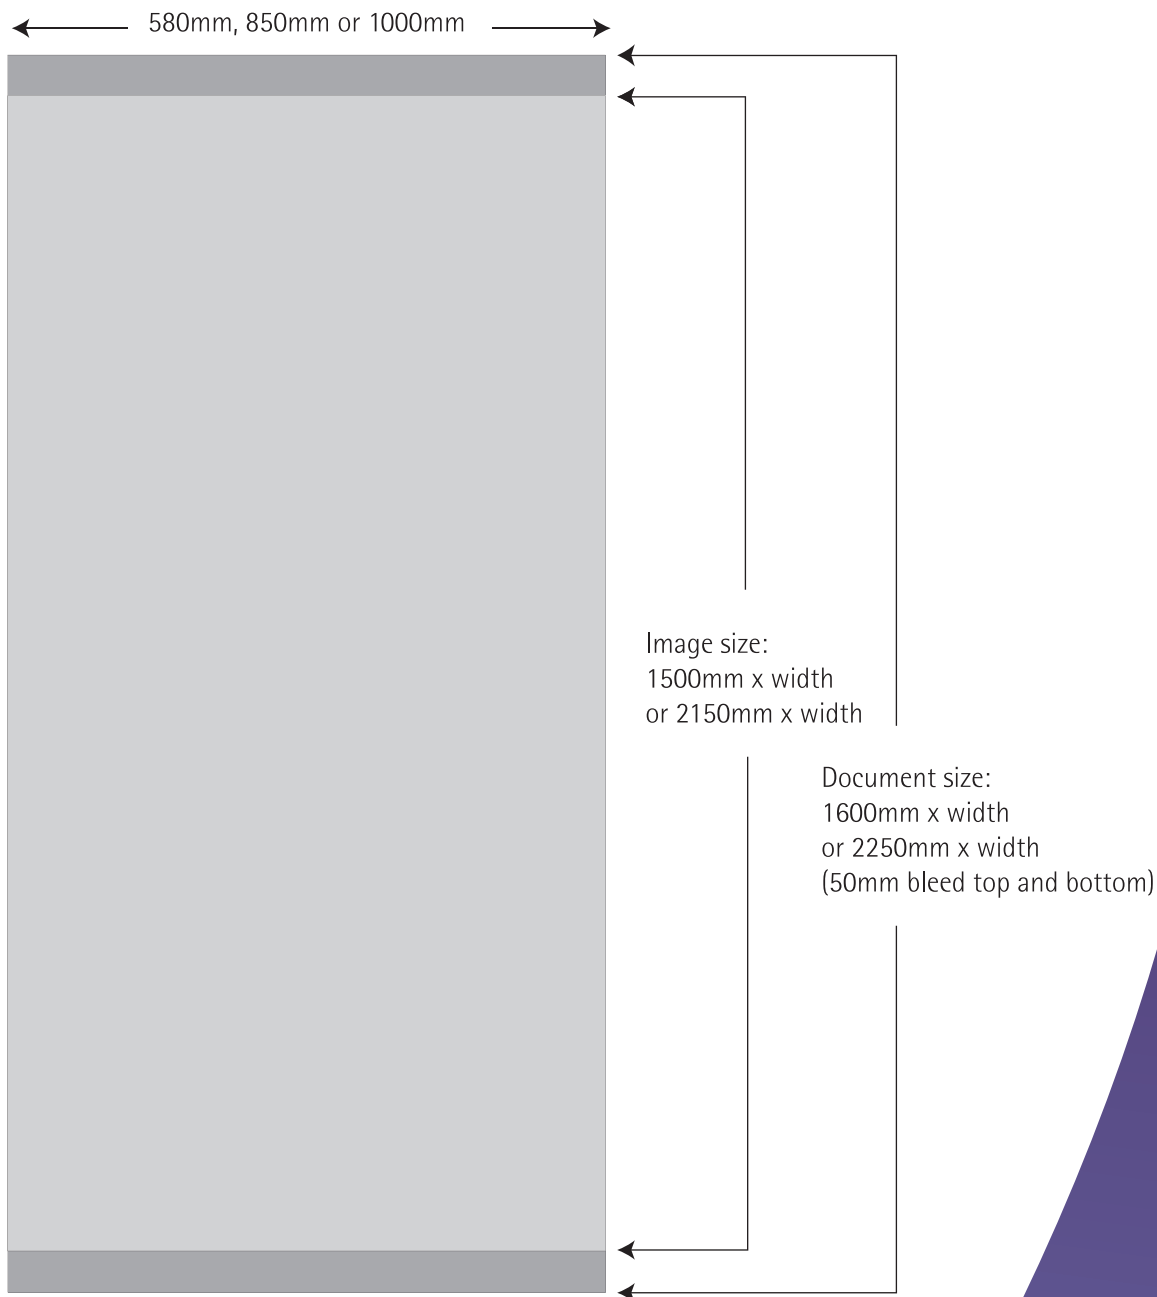

The standard **BannerBuddy** banner is available as a single sided display with a super sleek, modern look, ideal for any occasion.

The largest in the BannerBuddy range, the **BigBuddy** allows for more graphic space and information for when you need to convey more information or make an impact.
